

STRAWBERRY BANANA NECTAR

Preparation : 5 min - **Resting :** -- **Cooking :** -- **Equipment :** SmoothieMix

Ingredients : 2 glasses

- 10 strawberries - 1 lime - 1 banana - 1 tsp clear honey

1. Peel the banana and cut into pieces. Wash and hull the strawberries. Juice the lime in the citrus press.
2. Replace the citrus press attachment with the Smoothiemix and process the banana, followed by the strawberries.
3. Stir in the honey and lime juice. Place 2 tbsp of crushed ice in each glass and pour the juice over the crushed ice.
4. If you find the nectar too thick for your liking, you can dilute it with a little water.
